

OPALS AUSTRALIA

OUR EXPERIENCE, QUALITY AND SERVICE IS YOUR ASSURANCE

Opals Australia has been a premier manufacturer of Opal jewelry for over 75 years. We combine a wealth of history and expertise to provide our customers with high quality products and services. As a market leader, Opals Australia aims to remain innovative and fresh. To maintain our position, we have updated our corporate image and added value to our services.

We understand that companies need to adapt to changing market demand and consumer behavior. As a result, we have created a new range of jewelry under the OA brand and are offering more benefits to our customers.

OA represents the sophisticated consumer who values beautiful, contemporary jewelry. Our new generation of opal jewelry has no peer in design excellence and manufacturing. Its affordability, stylish design and quality finishing will attract a fresh market for our customers and the industry.

FASHIONABLE OA SILVER RANGE

Silver jewelry is as popular as ever. And young people are as discerning with style as they are with price. Our affordable contemporary designs will catch their attention and fulfill their requirements.

Opals Australia believes it is important to maintain a high level of workmanship across our ranges. The Silver range is manufactured to the same standard as our solid gold jewelry. Incorporating Doublet and Solid Inlay Australian Opal with a variety of precious and semi-precious stones, all of our Sterling Silver jewelry is finished with 18K White Gold.

There are early indications of strong sales for our silver range since 2003.

OUR HIGHLY SUCCESSFUL ICON RANGE

The simple elegance and affordability of our Icon range has had a broad appeal across the 30+ market segment.

The icon range is available in 9k, 14k and 18k white or yellow gold. We use calibrated oval, teardrop and round stones in Solid and Doublet Australian Opal. The exceptional finish, quality and price is unrivaled in Solid Gold Opal jewelry and it is one of our top sellers.
